

## September Prayer

Heavenly Father,

We feel so blessed to have active Knights of Columbus with a love and devotion to the Blessed Mother. So strongly do they believe in the power of the Rosary that our Blessed Mother requests of us that they have organized for the last 49 years an annual Rosary Celebration. Each year thousands of people join not only in community but also in prayer at the Phoenix Convention Center and via internet to honor the woman who bore Your son. You have always provided for us in the past, so we come to you now asking that you continue to bless their endeavors with the financial and attendance success that is needed. This year we are honoring our Blessed Mother under the title, Our Lady Queen of Peace. Our world is in such need, and it is hoped that the power of our prayer will be heard. Father, we thank you for all you have done and pray that you will hear our prayer now and come to our aid.

Through Christ our Lord, Amen.
